

Create your AWS Basic Account

- Open the Amazon Web Services home page.
- Choose **Create an AWS Account**.
- Enter your account information, and then choose *Continue*. Be sure that you enter your account information correctly, especially your email address. If you enter your email address incorrectly, you can't access your account.
- Choose **Personal**

Note: Personal accounts and professional accounts have the same features and functions.

- Enter your **personal information**.
- Read and accept the AWS Customer Agreement.
- Choose **Create Account and Continue**.
- You receive an email to confirm that your account is created. You can sign in to your new account using the email address and password you registered with. However, you can't use AWS services until you finish activating your account.
- **Add a payment method**
- On the **Payment Information** page, enter the information about your payment method, and then choose **Verify and Add**.
- **Important:** You cannot proceed with the sign-up process until you add a valid payment method.
- **Verify your phone number**
- Choose your country or region code from the list.
- Enter a phone number where you can be reached in the next few minutes.
- Enter the code displayed in the captcha and then submit.
- In a few moments, an automated system contacts you.
- Enter the PIN you receive, and then choose **Continue**.
- Choose an **Basic** for **AWS Support plan** :
- **Wait for account activation**
- After you choose a Support plan, a confirmation page indicates that your account is being activated. Accounts are usually activated within a few minutes, but the process might take up to 24 hours.
- You can sign in to your AWS account during this time. The AWS home page might display a **Complete Sign Up** button during this time, even if you've completed all the steps in the sign-up process.
- When your account is fully activated, you'll receive a confirmation email. Check your email and spam folder for the confirmation email. After you receive this email, you have full access to all AWS services.

- Login with email id for Root Account: <https://aws.amazon.com/console/>
